# **ASSESSMENT OF RESOURCES AND NEEDS IN EMERGENCY SITUATION**

## **“ASSESSMENT TEAM”**

### **IRAQ-ARBIL**

Governance Strengthening Project (GSP)

## ASSESSMENT TEAM

- Includes individuals who speak the local language
- It is balanced in term of social belonging
- It is balanced in term of specialty
- Involves people from the affected area

## ASSESSMENT TEAM

The team may take any of the following groups according to the assessment type:

**Non-specialists:** have general specialties and considerable experience, but with no specialized technical experience

**Specialized:** specialized individuals who are selected according to their technical specialties and distinguished skills

**Multi specialty team:** a group of individuals specialized in different areas of assessment

## Exercise

- Prepare a checklist for the assessment team that will assess the needs and resources in your area/village in case of disaster in the future. So as to develop a proposed project to meet those needs in accordance with the authorities and abilities of your organization.
- Time: 30 minutes
- Presentation: 5 minutes

Consult the common standard number 2 p. 29. Especially the briefing notes #4 p.31
